Plot no.32, Near Eye Hospital,  
Dehri, Umbergaon 396170,  
Dist. Valsad Gujarat

We are manufacturer of all types of hydraulic lifts suitable for under construction or existing bungalows, Factory's, duplexes, row houses, showrooms, offices or low rise heritage buildings where conventional lifts cannot be installed, our Lifts can be installed internally as well as externally with minimum civil change. Our retrofit solution, flexibility in cabin size, customised interior and easy installation process help to overcome from architectural barriers.

# ABOUT US

## Company Overview :

Being in the field of vertical transportation for over 3 glorious years we manufacture all kind of Industrial Lifts, Passenger Lifts, Goods Lifts, Capsule Lifts, Hospital Lifts, Flame Proof, Dust Proof Lifts, Hydraulic Lifts, and Hydraulic Car Lifts , Hoist lifts.Be it the simplest elevators or the india's most sophisticated elevator, we at **PRIMAX ELEVATORS** will provide you the one which will best suit your needs and your budget.

The materials we use are one of the best qualities because we believe in long term customer relationship. We have installed elevators with both sides opening i.e Opposites Openings and also lifts with openings at 90 degrees to each other. Job may be of any kind we do it, keeping SAFETY in mind.

## OUR PRODUCTS

We manufacture and supply a vast range of precision engineered hydraulic lifts & presses used in varied number of industrial applications. Our extensive product range includes:

### LIFT

- Hydraulic Industrial Lift
- Hydraulic Home Lift
- Hydraulic Hospital Lift
- Hydraulic Goods Lift
- Hydraulic Bungalow Lift
- Hydraulic Passenger Lift
- Hydraulic Car Lift
- Hydraulic Dumbwaiter Lift

### TRADING

- Gear Pump
- Gear Double Pump
- Vane Pump
- Vane Double Pump
- Plunger Pump
- Hydro Motor
- Hand liver Control Valve
- Modular Valve
- Flow Control Valve
- Directional Control Valve
- Pressure Control Valve
- Proportion Valve
- Check Valve
- Manifold Block
- Sub plate
- Hydraulic Heavy Fittings
- Heavy Hose Pipe with Fittings
- Hydraulic all type of Seals
- Fluden Accessories

### PRESSES

- Hydraulic "C" Frame type Press
- Hydraulic "H" Frame type Press
- Hydraulic Punching Press
- Hydraulic Cutting Press
- Hydraulic Scrap Bailing Press
- Hydraulic Deep Draw Press
- Hydraulic Disc Bend Press
- Hydraulic Yarn Bailing Press
- Hydraulic All type of Press machine

### MATERIAL HANDLING EQUIPMENT

- Hydraulic JIB Crane
- Hydraulic Workshop Crane
- Hydraulic Two Wheel

# ADVANTAGES OF HYDRAULIC LIFTS

- ★ No overhead machine room is required
- ★ Elevator hoist-way dimensions are minimized
- ★ Elevator loads are distributed to load bearing walls
- ★ Machine rooms can be located remotely
- ★ Installation costs are typically less than with other elevator system

**For many types of buildings, hydraulic elevators offer the following advantages:**

- ★ Quicker to install than other elevator types.
- ★ Less expensive to install and maintain Ideal for transporting heavy loads.
- ★ Occupy less space in a building.
- ★ Option to have machine room-less configuration.

## CUSTOMER SATISFACTION

Our company's motto is 100% client satisfaction, which leads to the initiation and execution of super quality our entire hydraulic product delivered by us. Throughout the years, we have been catering and satisfying different needs of our precious customers through specialized designs and other advanced trends such as programmable logic controls, servo and proportional controls, cartridge valve and other most reliable products. Our company also offers customized solutions as per the client's requirement. The importance given to R&D & CC Center (Customer care centre) has assisted the company in putting together a range of products to later needs of the industry.

We have been honored as a quality product manufacture by our valued customers. We take care of your requirement for fast and accurate production cycle to reduce your production cost and achieve improved quality production and superior value engineering features.

# ELEVATOR MAINTENANCE & FIELD TECHNICIANS

The Stanley Signature Service Solutions difference lies in the fact that our expert elevator maintenance technicians schedule more maintenance visits with our customers than anyone else in the industry.

Our elevator field technicians are always within close proximity to our customers and are never overloaded with too many clients. With this focus, they are equipped to provide quick, attentive care to each and every system, while also building lasting customer relationships.

No matter your needs, we're your go-to, expert elevator service provider. Our commercial elevator services include:

- ★ Design and installation
- ★ Modernization
- ★ Maintenance
- ★ Repairs
- ★ Testing

A quality elevator inspector can easily find, diagnose, and fix elevator problems before they cause a shutdown, saving expensive and lengthy repair work. We work hard to maintain our position as a leader of elevator maintenance companies in your area.

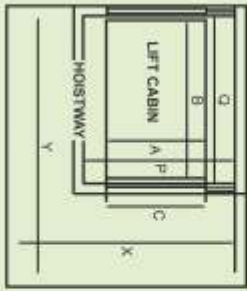

## ANNUAL MAINTENANCE CONTRACT

- ★ Hydraulic Lift Maintenance contract
- ★ Hydraulic Press Maintenance contract
- ★ All type of Hydraulic Machine Maintenance Contract

## WHY PRIMAX ELEVATORS

- ★ High standards of quality
- ★ 365 days support
- ★ Client centric approach
- ★ Excellent after sale service
- ★ Affordable prices
- ★ Customization and timely delivery
- ★ Innovation
- ★ On Time Delivery
- ★ Good Reputation
- ★ Reasonable Price
- ★ Experienced Staff
- ★ Mold Quality Assurance
- ★ Perfect After Sale Service
- ★ Perfect Project Management system
- ★ Manufacture For Automatic
- ★ Production mold

# HYDRAULIC INDUSTRIAL GOODS LIFT

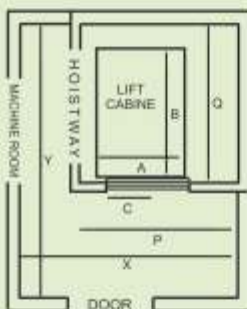

**ROPE TYPE 1 :** Side indirect acting suspension with wire ropes with one piston for regular loads and long travels [Max. 6 Floor]

**ROPE TYPE 2 :** Two side indirect acting suspension with wire ropes with two piston for large loads and long travels [Max. 6 Floor]

LOAD	CAR INSIDE 'A' x 'B'	LIFT SHAFT One Side Open 'P' x 'Q'	LIFT SHAFT Two Side Open 'P' x 'Q'	ENTRANCE 'C'	MACHINE ROOM 'X' x 'Y'
Kg	Width x Length	Width x Length	Width x Length	Width	Width x Length
500	1100 x 1200	1600 x 1700	1780 x 1560	900	3000 x 3000
7500	1300 x 1500	1800 x 2000	1980 x 1860	1000	3000 x 3000
